SAN FRANCISCO--(BUSINESS WIRE)--Apr. 14, 2025-- Sonder Holdings Inc. (Nasdaq: SOND) ("Sonder" or the "Company") today announced a series of actions intended to strengthen its balance sheet and generate significant cost savings, and provided an update on its integration with Marriott International, Inc. (Nasdaq: MAR) ("Marriott"):

- Sale of approximately \$18 million shares of its Series A preferred stock on April 11, 2025;
- Amendments to the existing Note and Warrant Purchase Agreement, which include a reduction of the outstanding principal balance by 15% and an approximate 50% reduction of the interest rate;
- Full integration with Marriott's digital channels and platform anticipated by the end of second quarter of 2025;
- Receipt of \$7.5 million in previously announced key money from Marriott on April 11, 2025; and
- Implementation of approximately \$50 million of annualized cost reductions enabled by the Marriott integration.

"These events are expected to bring us closer to completing our transformation. The integration with Marriott is expected to enhance the positive RevPAR and profitability trends that our portfolio has already experienced over the last several months," said Francis Davidson, Co-Founder and CEO of Sonder. "With the integration nearing completion, we are capitalizing on these opportunities and right-sizing our organization for the next era of Sonder. With the implementation of substantial cost savings and approximately \$18 million of additional capital, we believe that Sonder is well positioned to support long-term value creation."

Marriott Integration Update

Sonder anticipates the full Marriott integration will be completed by the end of the second quarter of 2025, at which time all Sonder properties will be available on Marriott's digital channels, including [Marriott.com](https://www.marriott.com) and the Marriott Bonvoy® mobile app under the new "Sonder by Marriott Bonvoy" collection, and are expected to benefit from access to Marriott's global sales organization and third-party agreements. Sonder's properties will also continue participating in the highly regarded Marriott Bonvoy® travel platform with nearly 228 million members, which began in October 2024 after the first phase of integration was complete.

Sonder also today announced it is implementing cost reduction initiatives which, when complete, are expected to deliver approximately \$50 million of annualized cost savings compared to the third quarter of 2024. The savings are anticipated to come from a combination of headcount reductions, software savings and other efficiencies in conjunction with the Marriott integration.

Additional information regarding the completed Series A preferred stock financing and the amendments to agreements governing the Company's indebtedness can be found in a Form 8-K to be filed with the Securities and Exchange Commission (the "SEC").
