This Current Report may contain a number of “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to, statements about Sonder’s forecasted revenue growth, Sonder’s growth in total unit portfolio, information concerning the Company’s or Sonder’s possible or assumed future financial or operating results and metrics, business strategies, debt levels, competitive position, industry environment, potential growth opportunities, future operations, products and services, planned openings, expected unit contractings and the effects of regulation, including whether the proposed business combination will generate returns for stockholders. These forward-looking statements are not guarantees of future performance, conditions or results, and involve a number of known and unknown risks, uncertainties, assumptions and other important factors, many of which are outside the Company’s or Sonder’s management’s control, that could cause actual results to differ materially from the results discussed in the forward-looking statements. These risks, uncertainties, assumptions and other important factors include, but are not limited to: (a) the occurrence of any event, change or other circumstances that could give rise to the termination of the Merger Agreement and the proposed business combination contemplated thereby; (b) the inability to complete the proposed business combination due to the failure to obtain approval of the stockholders of the Company or other conditions to closing in the Merger Agreement; (c) the ability to meet Nasdaq’s listing standards following the consummation of the proposed business combination; (d) the inability to complete the PIPE; (e) the risk that the proposed business combination disrupts current plans and operations of Sonder or its subsidiaries as a result of the announcement and consummation of the transactions described herein; (f) the ability to recognize the anticipated benefits of the proposed business combination, which may be affected by, among other things, competition, the ability of the combined company to grow and manage growth profitably, maintain relationships with customers and suppliers and retain its management and key employees; (g) costs related to the proposed business combination; (h) changes in applicable laws or regulations, including legal or regulatory developments (such as the SEC’s statement on accounting and reporting considerations for warrants in special purpose acquisition companies); (i) the possibility that Sonder may be adversely affected by other economic, business and/or competitive factors; (j) risks related to the impact of the COVID-19 pandemic; and (k) other risks and uncertainties described in the final proxy statement/prospectus/consent solicitation statement, including those under the heading “Risk Factors” therein, and other documents filed by the Company from time to time with the SEC. ## Forward-Looking Statements

This Presentation contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about forecasted future financial and operating results, revenue growth, growth in total unit portfolio, plans, objectives, expectations and intentions with respect to future operations, products and services, planned openings, expected unit contractings, and other statements identified by words such as "will likely result," "are expected to," "will continue," "is anticipated," "estimated," "believe," "intend," "plan," "project," "outlook" or words of similar meaning. These forward-looking statements include, but are not limited to, statements regarding Sonder's industry and market size, future opportunities for Sonder's business and its estimated future results and regarding the potential Business Combination, including implied enterprise value, the expected post-closing ownership structure and the likelihood and ability of the parties to successfully consummate the potential Business Combination.

Such forward-looking statements are based upon the current beliefs and expectations of the management of each of Sonder and GM II and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally beyond the control of the parties.

Actual results, performance or achievements may differ materially, and potentially adversely, from any projections and forward-looking statements and the assumptions on which those forward-looking statements are based. There can be no assurance that the data contained herein is reflective of future performance to any degree. You are cautioned not to place undue reliance on forward-looking statements as a predictor of future performance as projected financial information, cost savings and other information are based on estimates and assumptions. The forward-looking statements are subject to various risks, uncertainties and other factors, many of which are beyond our control, including those described in the Risk Factors Summary on p. 55. There may be additional risks that neither Sonder nor GM II currently know or that Sonder and GM II currently believe are immaterial that could also cause actual results of Sonder to differ from those contained in the forward-looking statements. Other unknown or unpredictable factors or factors currently considered immaterial also could have an adverse effect on Sonder's actual results. Consequently, there can be no assurance that the actual results or developments anticipated in this Presentation will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, Sonder.

All information set forth herein speaks only as of the date hereof in the case of information about Sonder and GM II or the date of such information in the case of information from persons other than Sonder or GM II, and Sonder and GM II expressly disclaim any intention or obligation to update any forward-looking statements as a result of developments occurring after the date of this Presentation. Annualized, pro forma, projected and estimated numbers are used for illustrative purpose only, are not forecasts and may not reflect actual results.

**TSX:** Francis Davidson, Sonder's Founder and CEO, plans to sell a small portion of his shares to a PIPE investor in a private transaction wholly separate from the transactions contemplated hereby, the proceeds of which will be used to repay a portion of an outstanding loan issued by Sonder for the purpose of early exercise of stock options.

## Forecast and Illustrative Scenarios

This Presentation contains information with respect to Sonder's projected results. This forecast is based on currently available information and Sonder estimates. Neither Sonder nor its independent auditors audited, reviewed, compiled, or performed any procedures with respect to either information for the purpose of its inclusion in this Presentation, and accordingly, neither of them expressed an opinion or provided any other form of assurance with respect thereto for the purpose of this Presentation. Sonder does not undertake any commitment to update or revise any such information, whether as a result of new information, future events or otherwise. The assumptions and estimates underlying the above-referenced information are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in such information. See "Forward-Looking Statements" above.

## Industry and Market Data

The information contained herein also includes information provided by third parties. Any estimates or projections contained herein involve elements of subjective judgment and analysis that may or may not prove to be accurate. None of Sonder, GM II, their respective affiliates or any third parties that provide information to Sonder, GM II or their respective affiliates, such as market research firms, guarantee the accuracy, completeness, timeliness or availability of any information or are responsible for any errors or omissions (negligent or otherwise), regardless of the cause, or the results obtained from the use of such content. Sonder and GM II may have supplemented this information where necessary with information from discussions with Sonder's customers and Sonder's own internal estimates, taking into account publicly available information about other industry participants and Sonder's management's best view as to information that is not publicly available.

None of Sonder, GM II or their respective affiliates give any express or implied warranties, including, but not limited to, any warranties of merchantability or fitness for a particular purpose or use, and they expressly disclaim any responsibility or liability for direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees or losses (including lost income or profits and opportunity costs) in connection with the use of the information herein. None of Sonder, GM II, their respective affiliates or any of their respective directors, officers, employees, members, partners, stockholders, or agents makes any representation or warranty with respect to the accuracy of such information.

## Non-GAAP Financial Measures

This Presentation includes certain non-GAAP financial measures that Sonder's management uses to evaluate Sonder's operations, measure its performance and make strategic decisions. The non-GAAP financial measures used in this Presentation are Adjusted Gross (Loss) Profit, Property Level Costs (PLC), Property Level (Loss) Profit (PLP) or P/LP and Adjusted EBITDA.

Adjusted Gross (Loss) Profit is defined as GAAP gross profit (loss) impacted by the GAAP rent to Landlord Payment adjustment, expressed in U.S. dollars. GAAP gross profit (loss) is calculated as Revenue less cost of revenue (excluding depreciation and amortization).

PLC is defined as the variable costs directly associated with each of Sonder's buildings, expressed in U.S. dollars. These costs include (i) channel fees paid to Online Travel Agencies (OTAs), (ii) customer service costs, (iii) laundry/consumables costs, (iv) maintenance costs, and (v) utilities & insurance costs.

PLP or P/LP is defined as GAAP gross profit or loss (i) impacted by the GAAP rent to Landlord Payment adjustment, and (ii) less Property Level Costs, expressed in U.S. dollars.

## Disclaimer (continued)

Adjusted EBITDA is defined as GAAP profit or loss from operations (i) impacted by the GAAP rent to Landlord Payment adjustment and (ii) excluding the impact of depreciation, stock-based compensation, COVID-19 pandemic-related office/other costs associated with dropping units at the beginning of the COVID-19 pandemic, and cash payments from real estate owners received for capital expenditure financing, expressed in U.S. dollars.

Sonder and GM II believe that such non-GAAP financial measures provide useful information to investors and others in understanding and evaluating Sonder's operating results in the same manner as Sonder management. However, such financial measures are not calculated in accordance with GAAP and should not be considered as a substitute for revenue, net income, operating profit, or any other operating performance measure calculated in accordance with GAAP. Using any such financial measure to analyze Sonder's business would have material limitations because the calculations are based on the subjective determination of management regarding the nature and classification of events and circumstances that investors may find significant. In addition, although other companies in Sonder's industry may report measures titled EBITDA or similar measures, such financial measures may be calculated differently from how Sonder calculates such financial measures, which reduces their overall usefulness as comparative measures. Because of these limitations, you should consider these non-GAAP financial measures alongside other financial performance measures, including net income and other financial results, presented in accordance with GAAP.

### Key Metrics

This Presentation includes certain non-GAAP financial measures and key metrics that Sonder's management uses to evaluate Sonder's operations, measure its performance and make strategic decisions. The key metrics used in this Presentation are Live Units, Bookable Nights, Average Daily Rate and RevPAR.

Live Units are defined as units which are available for guest bookings on Sonder.com, the Sonder app and other channels. Sonder pays rent (or utilizes pre-negotiated statement) and is able to generate revenue from these units.

Bookable Nights represent the total number of nights available for stays across all Live Units excluding nights lost to full building closures greater than 30 nights, in line with industry standards. Sonder previously calculated Bookable Nights excluding unit closures, regardless of length of closure or number of units. Sonder's change in methodology in the calculation of Bookable Nights increased historical and forecasted Bookable Nights, decreased historical and forecasted RevPAR, and had no effect on the historical or forecasted financial information.

Average Daily Rate represents the average revenue earned per night occupied, and is calculated as Revenue divided by the total number of Occupied Nights across all Live Units.

RevPAR represents the average revenue earned per available night, and is calculated either by dividing revenue by Bookable Nights, or by multiplying Average Daily Rate by Occupancy Rate, expressed in U.S. dollars.

### Trademarks and Trade Names

Sonder and GM II and their respective affiliates own or have rights to various trademarks, service marks and trade names that they use in connection with the operation of their respective businesses. This Presentation also contains trademarks, service marks and trade names of third parties, which are the property of their respective owners. "Sonder" and the Sonder logo are registered and unregistered trademarks of Sonder Canada Inc. in the United States and other jurisdictions. The use or display of third parties' trademarks, service marks, trade names or products in this Presentation is not intended to, and does not imply, a relationship with Sonder, GM II or any of their affiliates, or an endorsement or sponsorship by or of Sonder, GM II or such affiliates. Solely for convenience, the trademarks, service marks and trade names referred to in this Presentation may appear without the ®, TM or SM symbols, but such references are not intended to indicate, in any way, that Sonder, GM II, their affiliates or any third parties whose trademarks are referenced herein will not assert, to the fullest extent under applicable law, their rights or the right of the applicable licensor in these trademarks, service marks and trade names.

Contracted Units are defined as Units which have signed real estate contracts, but are not yet available for guests to book. Sonder is not yet able to generate revenue from these units. Live Units plus Contracted Units may not add up precisely to Total Portfolio figures due to rounding.

## We're conservatively forecasting RevPAR growth despite our conviction around pent-up demand and our ability to achieve planned revenue initiatives

### RevPAR

CBRE forecasts +28% 2020A-2025E RevPAR CAGR for traditional hotels<sup>1</sup>, while Sonder conservatively assumes +17% for the same period

RevPAR growth<sup>2</sup> split between ~80% market recovery and ~20% initiatives, including:

- Improved revenue management
- Loyalty and CRM
- Ancillary revenue opportunities
- Additional distribution channels

Note: RevPAR (Revenue per Available Room) is a key metric that represents the average revenue earned per available night, and is calculated by dividing Revenue by Bookable Nights (the total number of nights available for stays across all Live Units; this excludes nights lost to full building closures greater than 30 nights).  
 (1) Per CBRE upper upscale US RevPAR forecast. (2) Sonder RevPAR growth driven by recovery from COVID-19 pandemic impact, inflationary growth and key initiatives such as demand driver optimization, revenue management improvements, increased channels, ancillary revenue opportunities, streamlined service delivery and improved inventory management.

We're confident in our strong revenue growth outlook driven by a combination of rapid supply aggregation, modest market recovery and RevPAR initiatives

GAAP Revenue (\$M)

2021E GAAP Revenue (\$M)

2022E GAAP Revenue (\$M)

New Units cohort represents all forecasted unit signings after March 2021. (1) Calculated as (Live Units + Contracted Units) / (Revenue - RevPar Initiatives).

We see a clear path to +30% Property Level Profit Margin via market recovery, improved post-COVID deal terms, scale economies and technology investments

Total Portfolio - Property Level Profit (Loss) Margin (%)

Note: Property Level Profit (Loss) (PLP or PLL) is a non-GAAP financial measure that Sonder defines as GAAP gross profit (loss) (i) impacted by the GAAP rent to Landlord Payment adjustment, and (ii) less Property Level Costs, expressed in U.S. dollars. Property Level Costs (PLC) is a non-GAAP financial measure that Sonder defines as variable costs directly associated with each of Sonder's buildings, expressed in U.S. dollars. These costs include (i) channel fees paid to Online Travel Agencies (OTAs), (ii) customer service costs, (iii) laundry/consumables costs, (iv) maintenance costs, and (v) utilities & insurance costs.
