## Q3 2023

November 14, 2023

A note from Francis

## Fellow Sonder shareholders,

A year ago, for every dollar of revenue generated, Sonder burned 31 cents<sup>1</sup>. Twelve months later, that figure has dropped to 10 cents<sup>1</sup> as revenue has grown 29%. The progress we've made over the last quarter is attributable to cost discipline – every expense has been scrutinized for its ROI, and every department has been successful at delivering operating efficiencies. We're proud to have achieved those significant improvements without impairing our guest experience and brand.

While we're not encouraged by recent y/y RevPAR declines, we're optimistic that we can revert course. Several initiatives addressing pricing, sales, distribution, the performance of our newer cohorts and merchandising are top priorities for the company. Another area of focus over the coming quarter will be to increasingly turn our attention towards the performance of our portfolio of properties. The majority are contributing positively to our cash flow, but many are dragging down profitability. Working with property owners to optimize our portfolio will be crucial to accelerate our timeline to sustainable cash flow positivity.

Once again, we thank you for your support, and we remain committed to doing the hard things to successfully transition Sonder from a hyper-growth company to a self-sustaining, growth company.

## Guidance

The ranges we are providing for Revenue and FCF for Q4 2023 exclude any future impact of our portfolio optimization program, which could be material. The same as past quarters, our guidance is based on our best knowledge available from internal data and third party forecasters and does not contemplate an extreme slowdown in demand.

For Q4 2023, we expect revenue between \$165 million and \$175 million, which at the midpoint represents a \$148 million, or 32%, y/y improvement for FY2023 and a \$35 million, or 26%, improvement vs. Q4 2022.

For FCF, we expect between \$(39) and \$(29) million in Q4 2023. At the midpoint of the guidance range provided, this translates to a \$58 million, or 33%, y/y improvement in Free Cash Flow for FY2023. This includes the impact of \$4.3 million in one-time prepayment interest penalty associated with our amended credit agreement in Q4 2023.

Sonder supplements its consolidated financial statements presented in accordance with generally accepted accounting principles in the United States ("GAAP") by providing additional financial measures that are not prepared in accordance with GAAP. Sonder's management uses these non-GAAP financial measures, collectively, to evaluate ongoing operations and for internal planning and forecasting purposes. Sonder believes that these non-GAAP financial measures are useful in evaluating its operating performance, and may assist investors in comparisons with other companies, some of which use similar non-GAAP financial information to supplement their GAAP results. However, Sonder's definitions may differ from the definitions used by other companies and therefore comparability may be limited. In addition, other companies may not publish these or similar measures. These non-GAAP financial measures should not be viewed in isolation or as a substitute for, or superior to, measures prepared in accordance with GAAP. Investors are encouraged to review the related GAAP financial measures and the reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measures.

### Use of non-GAAP financial measures

Sonder supplements its consolidated financial statements presented in accordance with generally accepted accounting principles in the United States ("GAAP") by providing additional financial measures that are not prepared in accordance with GAAP, including Free Cash Flow, Free Cash Flow Margin, Cash Contribution, and Cash Contribution Margin. Further information about these measures appears under "Key Terms" below. Sonder's management uses these non-GAAP financial measures, collectively, to evaluate ongoing operations and for internal planning and forecasting purposes. Sonder believes that these non-GAAP financial measures are useful in evaluating its operating performance, and may assist investors in comparisons with other companies, some of which use similar non-GAAP financial information to supplement their GAAP results. However, Sonder's definitions may differ from the definitions used by other companies and therefore comparability may be limited. In addition, other companies may not publish these or similar measures. These non-GAAP financial measures should not be viewed in isolation or as a substitute for, or superior to, measures prepared in accordance with GAAP. Investors are encouraged to review the related GAAP financial measures and the reconciliation of these non-GAAP financial measures to their most directly comparable GAAP financial measures. Sonder has not reconciled consolidated Free Cash Flow guidance to projected consolidated GAAP cash provided by (used in) operating activities because we do not provide guidance on GAAP cash provided by (used in) operating activities or the reconciling items between Free Cash Flow and GAAP cash provided by (used in) operating activities, as a result of the uncertainty regarding, and the potential variability of, certain of these items. Accordingly, a reconciliation of the non-GAAP financial measure guidance to the corresponding GAAP measure is not available without unreasonable effort.

### **Key Terms**

### **Total Portfolio**

Total Portfolio represents Live Units plus Contracted Units. This includes any unit that has a signed real estate contract, regardless of whether or not the unit is available for guests to book. This excludes any units that have been exited (i.e., the lease was terminated or allowed to expire). Live Units are defined as units which are available for guest bookings on Sonder.com, the Sonder app and other channels. Sonder pays rent (or utilizes pre-negotiated abatement) and is able to generate revenue from these units. Contracted Units are units for which Sonder has signed real estate contracts, but are not yet available for guests to book. Sonder is not yet able to generate revenue from these units. Certain signed leases have contingencies or conditions that must be satisfied before we take over the units, and from time to time, we exclude some of these leases from our Contracted Units total based on our judgment about the likelihood that the contingencies or conditions will be satisfied.

### **Occupancy Rate**

Occupancy Rate is defined as Occupied Nights divided by Bookable Nights, expressed as a percentage. **Bookable Nights** represent the total number of nights available for stays across all Live Units. This excludes nights lost to full building closures of greater than 30 nights. **Occupied Nights** represent the total number of nights occupied across all Live Units.

### Revenue per Available Room

**Revenue Per Available Room** ("RevPAR") represents the average revenue earned per available night, and is calculated either by dividing revenue by Bookable Nights, or by multiplying Average Daily Rate by Occupancy Rate. **Average Daily Rate** ("ADR") represents the average revenue earned per night occupied and is calculated as revenue divided by Occupied Nights.

### Free Cash Flow

Free Cash Flow ("FCF") is defined as cash provided by (used in) operating activities plus cash provided by (used in) investing activities, excluding the impact of restructuring charges, if any. Free Cash Flow Margin is defined as Free Cash Flow as a percentage of revenue. Reconciliation of Free Cash Flow to the most comparable GAAP measure can be found on pg 16.

### **Cash Contribution**

**Cash Contribution** is defined as operating cash flow before non-property level operating expenses, excluding the impact of restructuring charges, if any. **Cash Contribution Margin** is defined as Cash Contribution as a percentage of revenue. Reconciliation of Cash Contribution to the most comparable GAAP measure can be found on pgs 17 – 18.
