

**Sonder Holdings Inc. Sees Continued Strong Revenue Per Available Room and  
Occupancy Levels With New Year's Eve Travelers**

*Revenue per Available Room Up 10% Compared to 2019 and Doubled YoY*

**SAN FRANCISCO (January 6, 2022)**—Sonder Holdings Inc. (“Sonder”), a leading next-generation hospitality company that is redefining the guest experience through technology and design, saw strong demand across its U.S. properties over New Year’s Eve, with revenue per available room increasing more than 10% over New Year’s Eve compared to the same day in 2019 and nearly double 2020 levels. Occupancy rate for New Year’s Eve was over 75%, indicating continued traveler demand for Sonder accommodations despite the Omicron variant.

Some of the most popular Sonder locations on New Year’s Eve were warm-weather destinations including Phoenix, San Diego and Dallas. [The Continental](#), featuring expansive windows and private balconies and located in the popular San Diego Little Italy neighborhood, proved to be a top choice. Travelers also flocked to colder destinations like Chicago and Boston, frequently choosing one of Sonder’s newest Boston locations at [907 Main](#) for easy access to local boutiques, restaurants and museums.

“Our strong performance over New Year’s Eve shows that despite the ongoing pandemic, demand for Sonder spaces remains strong. Our hospitality model is built around contactless stays in modern, tech-enabled spaces that provide a safe and contained environment for travelers,” said Shruti Challa, Sonder’s Senior Vice President of Revenue. “Today’s travelers want elevated stays that deliver great value and that ultimately give them a large degree of autonomy and control over their stay. Sonder is very well positioned to meet those needs and to respond to new travel trends as they emerge.”

In an effort to continuously improve the guest experience, Sonder is piloting dozens of tech and service-driven initiatives across a number of cities. Currently, Sonder is piloting a new mobile keys feature in select markets to enable guests to seamlessly unlock their rooms with one tap through the Sonder app. The company has also chosen specific properties to install private Pelotons in individual units and launch gym partnerships to provide free access to guests. Sonder plans to scale these specific initiatives across additional markets next year.

With Sonder, guests can request early check-in or late check-out directly from their phones, and check-in to their unit through the Sonder app — bypassing crowded lobbies completely. Sonder guests can also receive instant support through the company’s 24/7 Concierge service via the app.
